

# ABIGAIL OGILVY GALLERY

## ODYSSEY: NATALIA WRÓBEL

Abigail Ogilvy Gallery proudly announces the solo exhibition of artwork by Natalia Wróbel. In this multi-sensory exhibition, Wróbel brings the viewer on a journey through her hyper-saturated abstracted pseudo-landscapes. The paintings read as mystical mirages that on one glance come together and another break apart, in a continuation of her interest in forms appearing to be moving and still at the same time. This vibrating duality is echoed in the use of sound as a critical component of this exhibition. Through this new body of work, Wróbel encourages the viewer to experience their own inner transformation through heightened observation and presence.
