## TEDDY BENFIELD - AVAILABLE WORKS

Teddy Benfield works primarily as a painter, screen printer and photographer. His works consist of a mixture of the three mediums to create a dialogue between traditional still life genre painting and the relationships individuals have with marketplace and consumerism through the internet culture of today.

Signage combines the modern product with interior space yet has the ability to transform the modern pedestrian back in time. Representational imagery introduces the past to the present and pays homage to hand painted signs as well as the comments of class and value in traditional still life painting while room for abstraction is absorbed within traditional advertisement qualities.

Teddy Benfield is a Boston based artist from Connecticut (b. 1992). He received his MFA from the School of the Museum of Fine Arts at Tufts University (2018) and his BFA in Visual arts from Union College (2015) as well as a certificate in Sneaker Design from Fashion Institute of Technology (2019).
