Under the Sun

We're delighted to share with you our exhibition at the inaugural Art Moments Bali, which will later travel to our newly revamped Jakarta gallery. Most of the artists presented are working with us for the first time, showcasing works that reveal fresh faces of seeing the world and understanding our place in it.

Although we often hear that nothing is new under the sun, it remains that humanity continually values and pursues originality. Featuring more than 60 works from 16 emergent contemporary Indonesian artists, *Under the Sun* celebrates the everyday creative, the striving towards originality, and art's connection with the world around us.

Take a virtual stroll through our themed photoshoot, peruse the numerous pages that follow, and discover how works from these artists can break down boundaries and naturally connect us with the world around us.
