Bricks Gallery is proud to present *momentum*, a group exhibition curated by May Lifschitz and Efrat Edelsten with works by Ava Samii, Dindy Blaze, Emilie Alstrup, Emilie Imàn, Javier Alvarez Sagredo, Kamil Dossar, Linda Lamignan, Louka Anargyros, Michella Bredahl and Noah Umur Kanber.

With a wide range of materials and mediums, the exhibition explores the sensations and stages experienced towards and within momentum. How does one prepare for the momentous? How is a potential fulfilled? Boundaries are questioned in an interplay between abstract and figurative expressions. Constantly in motion, we enter different spaces. The locker room, the bedroom, the waiting room. The selected works invite the viewer to seize and capture the power of momentum.

*Balancing  
 Between  
 Doubt and Determination  
 Will you go with  
 or against the flow?  
 In a world where  
 Everything gets old  
 and  
 Is rapidly accelerating  
 Who is  
 Expecting something?  
 In a fine line  
 Between  
 Superiority and Inferiority  
 We are claiming spaces  
 Pushing to perform  
 Reaching  
 Into  
 momentum*
