

15-18 September 2022

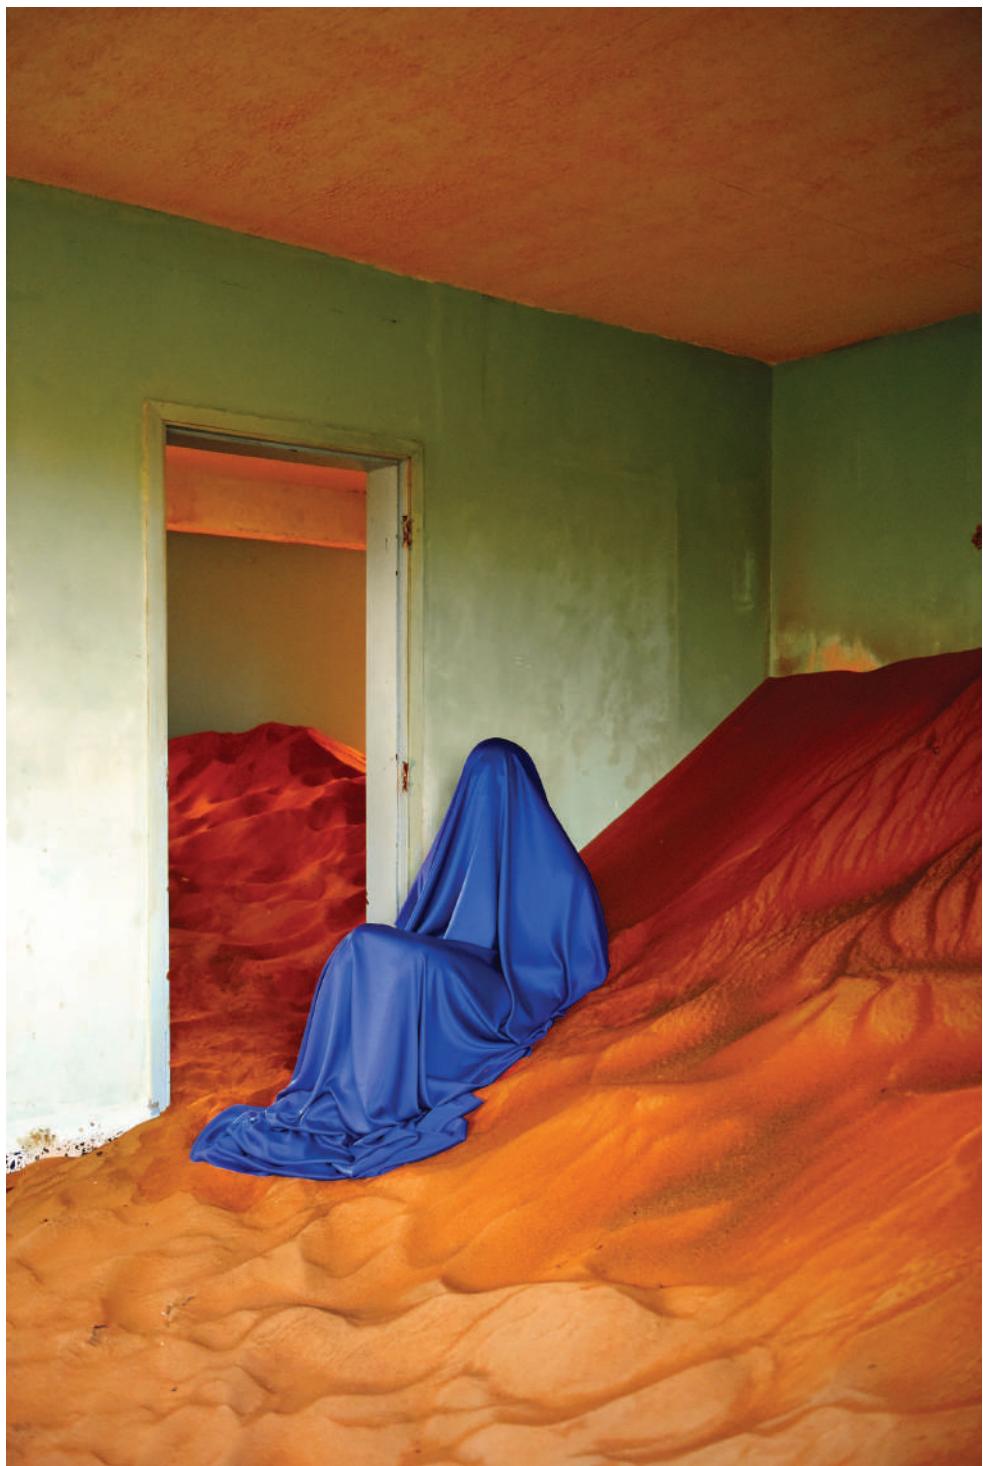

Loft art gallery is delighted to participate to the 10th edition of Unseen Photo fair, the leading platform for contemporary photography, in Amsterdam with the Moroccan-Belgian artist Mous Lamrabat from the 15 to the 18 of September 2022. Moroccan-Belgian photographer shapes a parallel universe, through humour, empathy, and irreverence. He built his own supercharged universe, where nothing is off-limits and everyone is invited to the mix. The characters that emerge from his work go wherever they choose to go, and are whoever they choose to be. Gorgeous ethno-drapery and lunar landscapes, logos, hearts, flowers, and balloons take us on an exotic journey, sharing his world, where imagination runs wild.

Mous Lamrabat is also exhibiting at FOAM amsterdam, the museum of photography in amsterdam until October 16.
